School Based Activities
1.0 INTRODUCTION

The School Based Activities constitute an essential component of the D.E.L.Ed programme. Apart from the classroom teaching, a school teacher is also responsible for a number of scholastic and school management related activities. As an efficient and competent teacher you have to always maintain a comprehensive record of entire learners’ performance pertaining to continuous and comprehensive evaluation, socio-emotional behaviour, and other significant information about their aptitude, interests etc. Starting from addressing morning assembly in general and many others specific activities are regularly conducted in the school system. You are expected to develop skills and competencies in you conducive for organizing such activities in actual school settings.

School based experiences activities provide you firsthand exposure to the systematic schooling procedure. It enables you to develop your own understanding of the realities of working with mentors and children in school situations. You will carry out scientific observation in school setting under the supervision of mentors/supervisor who are asked to guide your performance. School based activities enables you to develop the professional expertise and understanding as a Qualified Teacher in practical sense.

This programme will be conducted during the first year of the course, given weightage of 4 credits. You are required to conduct the activities in your respective school settings. Some senior teachers or head teacher or CRC coordinator or competent retired teachers or senior teacher from nearby Secondary/Senior Secondary school will be your mentors/supervisors. From the observation, you need to make reports on your activities and have to make a portfolio. There will be no final examination for this course as the main focus is on your participation.

These activities have been selected out of a long range of activities on the basis of their needs and importance in school functioning. The total number of activities identified for this purpose is listed below under each group. You are required to conduct activities according to the list mentioned under each group. You will organize/conduct these activities under the active guidance/supervision of the mentor/supervisor.

Execution

The school based activities as listed above are to be organized at your work place. The schedules of these activities are to be prepared by you in consultation with the mentor/supervisor and the head of the school. You will conduct these activities under the guidance/supervision of the mentor who may be one of your colleagues or the head of the school. The mentor/supervisor will supervise the organization of these activities. You are required to submit the reports to the mentor for assessment under the authentication of the head of the school.

Assessment

Since the school based activities constitute one of the essential components of the programme having a weightage of four credits, their evaluation becomes important. It is, therefore, impressed upon the mentor and the supervisor to be fairly objective in assessing your performance by the help of rating scale.

The assessment of the school based activities is the responsibility of the mentor and the supervisor. In this process the mentor will observe these activities while they are being conducted/organized by you. For each activity, after it is being organized, you will prepare reports mentioning the process of organization, difficulties faced, if any, personal experiences about the conduct of the activity and feedback received from the learners involved. Each report will be authenticated by the mentor with his/her observations/remarks. The mentor will retain all these reports with him/her and pass them on to the supervisor. The supervisor may also observe some of the activities at the time they are being organized. The final assessment will be done by the supervisor. S/he will award mark to each activity on the basis of observation of the mentor and his/her own observations. The supervisor will use appropriate rating scales for awarding marks to the activities conducted by you. S/he will also make an overall rating of your activities in a five point scale on your keenness of maintaining records, nature of suggestion given by you to solve the school based problems, comprehensiveness and clarity of your reports. After assessing each activity separately, an overall grade will be calculated for all the activities. The award list will be submitted to the Study centre coordinator for further necessary action. The reports are to be returned to the teacher trainees to produce those for verification during the workshop-I at study centre.

The formats and the rating scales are given here as under-
